

Home School Prayer

Dear Lord, give me the wisdom to meet my children's needs, to know when to stop book learning for the day.

Please give me the strength to lesson plan at night and by day to clean the house in between grading papers and character instruction.

Lord, give me the patience to spend 15 minutes on each question no matter how many times I have explained it. Not just patience but with a smile on my face.

Lord, protect our homeschool from the bitter root of comparison and coveting.

Please remind me of their unique gifts; sometimes I want them all on the same page to make things easier.

Lord, forgive me for my mistakes yesterday and the one this morning.

Lord, Thank you for providing this opportunity to homeschool.

Amen
